Foundations 101

One day at the Fuuz® Training Lab in Rochester Hills, or virtual. The 101 explains the platform.

Who: anyone, technical or not. Guided instruction and live demos, no building.

Format: in person or virtual. The 101 is also the first step before the Developer 201.

You earn: a 101 completion certificate.

Time: 9:00 a.m. sharp to 4–5 p.m.

Arriving in person

Arrive at least 30 minutes before class starts on your first day, to connect to our network and set up anything you brought. If your organization needs to provide IT support, settle it beforehand.

Joining virtually

Join the Microsoft Teams link from your invite no later than 8:50 a.m. Eastern on the morning of class. You need a reliable connection, Chrome or Edge, and a headset.

Recordings and materials

Every session is recorded, and recordings are provided at the end of each day. Any materials presented are provided to students.

THE PATH TO CERTIFICATION

101 — 201 — 301 — Capstone — Certified Developer

Each course earns a certificate. Certified Developer also needs an approved capstone project.

Understand The Platform

A full day of instruction and live demos. Nobody builds, so it works for every role.

MORNING

15 min	**Welcome and goals**
45 min	**Architecture, high level** Build, QA and Production environments, the edge gateway, and how applications connect.
15 min	**What makes Fuuz different** A live look at the data model underneath the accelerators.
60 min	**Navigating your Fuuz application** Live walkthrough of the admin panel, access control, data models, flows, screens and documents.
15 min	**Q&A**

AFTERNOON

60 min	**Fuuz accelerators** Manufacturing execution (MES), warehouse management (WMS), quality control (QC), maintenance (CMMS) and the Integration App beneath them.
45 min	**Industry standards** ISA-95, CESMII and i3X, and why the data model aligns to them.
30 min	**Resources and support** Help center, community, Fuuz Academy and the support ecosystem.
30 min	**Art of the possible and wrap-up** What teams build next, and where to keep learning.
Varies	**AI and AI governance at Fuuz** How Fuuz approaches AI capabilities and the guardrails around them.

Times are approximate. Two short breaks and a 30-minute lunch fall between blocks.

After the 101, you can explain

- How Fuuz is structured and the patterns you will see.
- What each accelerator includes.
